

CAV Update Extra

October 2020

Between now and the end of the year, there are five opportunities to learn more about CAVs. CAVCOE and CASPI are involved in webinars in October - December 2020 covering different aspects of CAVs. This special issue of *CAV Update* contains a summary of each webinar and the links for more information and registration.

ICTC - Virtual Panel Discussion on Non-Passenger CAVs

Tuesday October 27, 2020, 11:00 AM – 12:00 PM EDT

In this virtual panel discussion, CAVCOE, Volvo and BLG will explore the applications and legal issues of CAV technology for non-passenger vehicles, including service vehicles, parcel delivery, construction, garbage pick-ups, snowplows, etc.

CAV Canada - 2020 Digital Event Series

November 25, 2020, 11:00 am – 12:15 pm EST

December 2, 2020, 11:00 am – 12:15 pm EST

December 9, 2020, 11:00 am – 12:15 pm EST

Hosted by Invest Ottawa and Kanata North Business Association in partnership with CAVCOE and Area X.O (formerly the Ottawa L5 CAV test facility), the 2020 digital event series will bring together stakeholders from across Canada's CAV ecosystem. Held on three consecutive Wednesdays in November and December, the topics include CAV R&D and testing, the impact of CAVs on the general public, and cybersecurity. (The detailed agenda will be published soon.)
